***Cafe Express,
a better way to eat***

Fresh, handmade food - like at a fancy full service restaurant The convenience of self-service - no waiters, no tipping Food prepared to order - never precooked or pre-prepared. Quality ingredients - fresh ground beef for our burgers, Healthy Choice deli meats, all-natural chicken breasts, imported cheeses and European-style baked breads.

At our unique [Oasis table](#), we offer an amazing selection of imported goodies like extra-virgin olive oils, parmesan cheese, Dijon mustard, fine vinegars and olives, capers, cornichons, sun-dried tomatoes & much more. Cookies, brownies and desserts are made fresh, from scratch, every day, on site. And every location has a bar serving a fine selection of beer and wine as well as cappuccinos and espressos.

Cafe Express provides a sophisticated, urban setting unlike any other self-service restaurant. Indoors, you will find natural stone, recessed lighting and an over-all ambiance of urban chic. Or you can grab a table on the patio and enjoy the pleasure of al fresco dining.
