The Property

Monterra is the hub for all of the catering at West World. Our beautiful ball rooms are surrounded by windows. Each ballroom has its own private patio with outdoor fireplace. Our conference center, complete with VIP Board Room, offers exceptional service and privacy, making **Monterra** the ideal location for your next important meeting.

The Barn, located at the base of the Mc Dowell Mountains, is ideal weddings, parties, meetings, exhibits, concerts, and barn dances. It's the perfect Old West setting and features a raised stage with western back-drops, barn doors that open and plenty of room for dancing or entertaining. Once the 60 foot barn doors are open to the North, a 2,400 square foot wooden deck provides a breathtaking view from the peaks of the Mc Dowell Mountain range to the ever-changing natural beauty of the Sonoran desert foothills. From a Western Hoe-down to the most elegant of banquets, **The Barn** is the location to make any event a memorable one.

The Event Entertainment and Polo Field is a 23 acre area of lush green grass available not only for polo matches, but for company picnics, concerts, circuses, Country Western events, Grand Prix, horse shows and a myriad of other events. What ever the size of the function, Monterra, can coordinate the tenting, staging, and other requirements. Ample parking is available for large crowds, and guests of Monterra can view events on the field from our misted patios.

The Equidome is the Southwest's premier covered equestrian facility, spanning a covered riding area of 135' x 290'. This arena is capable of providing covered seating in excess of 6000. The Architectural design of the building enhances Scottsdale's southwestern desert feel with its open vista views of the Mc Dowell Mountains. This arena is the perfect showcase for special concerts, conventions, car shows, and equestrian events and has been the facility for some of the nations finest horse shows.
