An intimate restaurant and grill at this relaxing golf club in Carefree, Trall's End is open dawn to dusk, serving breakfast and lunch daily. The idea is to add a little pizzazz to casual cuisine before and after a round of golf with an exciting mix of cultural influences, from Mexican and Spanish to Western.

Breakfast and lunch menus match the golf course in excitement and variety. The signature dishes are the mango chicken quesadilla and the tortilla burger - a variation on America's number one favorite food item, wrapped in a tortilla with all the Southwestern trimmings.

Legend Trall is available for group functions, and a gathering on the patio is especially inviting.
